Enterprise, Alabama 36331-1000

Phone (334) 348-2671 or (334) 348-2673

Fax (334) 348-2672

BASIC PERMIT REQUIREMENTS

Effective March 4, 2014, The City of Enterprise, City Council adopted the International Building Code, 2009 Edition, the International Residential Code, 2009 Edition, and the 2008 NEC (National Electrical Code) City Ordinances 02-18-14 through 02-18-14-G as our standard codes.

Thank you for obtaining the necessary permit for your project. Please post the permit card in an easily noticed location. A silt fence should be in place where needed to prevent silt intrusion on adjoining property and roadways.

Please remember that in addition to obtaining the permit, there are a number of inspections required. Those listed below are based upon the particular type of construction. It is the responsibility of the permit holder to contact our office at (334) 348-2671 or (334) 348-2673, in a timely manner for scheduling these inspections.

A. Residential (house or accessory building)

- _____ 1. Footing (before pour)
- _____ 2. Plumbing under slab (before slab preparation)
- _____ 3. Slab (before pour)
- _____ 4. Inspections Rough:
 - Framing (before insulation/dry wall)
 - Rough electrical
 - Rough plumbing
 - Rough mechanical
- _____ 5. Electric service/Permanent Power (just prior to final)
- _____ 6. Sewer (hook up to sewer lines)
- _____ 7. Inspections Final (prior to occupation):
 - Final plumbing
 - Final electrical
 - Final mechanical
 - Final building

B. Service Upgrade or Repair

- _____ 1. Electrical (prior to hook up by utility company)

C. Commercial (non-residential construction)

- _____ 1. Footing/foundation pads (prior to pour)
- _____ 2. Plumbing under slab (before slab pour)
- _____ 3. Slab (before pour)
- _____ 4. Framing (prior to insulation/dry wall)
- _____ 5. Rough plumbing in walls (same as #4)
- _____ 6. Rough electrical in wall (same as #4)
- _____ 7. Ceiling inspection (prior to ceiling tile installation – includes rough plumbing, electrical, and mechanical)
- _____ 8. Electrical service (prior to final)
- _____ 9. Sewer (same as #8)
- _____ 10. Final plumbing (prior to occupation)
- _____ 11. Final electrical (same as #10)
- _____ 12. Final mechanical (same as #10)
- _____ 13. Final inspection for certificate of occupancy (same as #10-performed by Fire Chief and Engineering Dept. Inspector)

D. Swimming Pools

- _____ 1. Grounding/bonding (prior to concrete) & Rough wiring (conduit run)
- _____ 2. Final electrical (when complete) & Fence inspection (prior to filling pool)

E. Other types of structures

Inspection depending on type – will be determined case by case.
